Adhvaga - test run

2026-11-08 07:05 UTC · code version 03e3ce2 · 100 cases from the Phase 0 spec

> **In one line:** 57 cases run today and every code check passes (0 failures, 0 release blockers). 43 cases wait for parts not built yet (train / metro / flight servers, rule library, the AI agent). Release gate: **NOT READY** - Not ready yet - normal at this stage: most remaining cases wait for servers not built yet.

What the words mean

Result	Meaning
Pass	The whole case ran and every code check passed
Pass (part)	The part built so far (trip or metro server) passed; the rest needs search, live data or the AI agent (later phases)
FAIL	A code check failed
Not built yet	Waits for a server or the agent; shown, never counted as a pass

T01-10	Plan respects no late-night arrival	Not built yet	Flights, Buses, more metro cities (Phase 3)
T01-11	Unknown station name triggers one question	Not built yet	the AI agent (Phase 5b)
T01-12	Plan saved as approved v1	Pass	all code checks pass
T02-01	Train cancelled -> proposed v2	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T02-02	Flight 4 h late, hotel check-in still fine	Not built yet	Flights, Buses, more metro cities (Phase 3)
T02-03	Flight 4 h late breaks onward train	Not built yet	Flights, Buses, more metro cities (Phase 3)
T02-04	Train 40 min late, gap still passes	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2) (tool_not_called: needs agent)
T02-05	Train cancelled, only simulated bus left	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T02-06	Metro line closure, free alternative within 15 min (auto allowed)	Pass	all code checks pass

T02-07	Metro closure, alternative adds 25 min (needs approval)	Pass	all code checks pass
T02-08	Replacement train costs Rs 150 more	Pass	all code checks pass
T02-09	Disruption on a completed leg is ignored	Not built yet	Trains + Metro servers (Phase 2)
T02-10	Two disruptions at once	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T02-11	Test disruption is labelled as a test	Pass	all code checks pass
T02-12	Replacement must keep the locked hotel	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T02-13	Diverted train changes arrival station	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T02-14	Reject v2 keeps v1 exactly	Pass	all code checks pass
T03-01	Arrive in 1 h, 500 km away	Not built yet	Trains + Metro servers (Phase 2)
T03-02	Ceiling lower than any option	Not built yet	Flights, Buses, more metro cities (Phase 3)
T03-03	Gap below minimum is rejected	Pass	all code checks pass
T03-04	Arrive-by deadline enforced in ranking	Pass	all code checks pass
T03-05	Late-night arrival rule	Pass	all code checks pass
T03-06	AI tries to approve above ceiling	Pass	all code checks pass
T03-07	Ceiling cannot be raised by the agent	Pass	all code checks pass
T03-08	Circular leg links refused	Pass	all code checks pass
T03-09	Leg ends before it starts	Pass	all code checks pass
T03-10	Same from and to station	Not built yet	Trains + Metro servers (Phase 2)
T04-01	Cheapest vs fastest	Pass (part)	trip server part passes; the rest needs Flights, Buses, more metro cities (Phase 3)

T04-02	Prefers trains over flights	Not built yet	the AI agent (Phase 5b)
T04-03	Avoids night travel unless asked	Pass (part)	trip server part passes; the rest needs Flights, Buses, more metro cities (Phase 3)
T04-04	Relaxing a preference needs approval	Pass	all code checks pass
T04-05	Comfort vs price explained	Not built yet	the AI agent (Phase 5b)
T04-06	Fewest changes	Not built yet	the AI agent (Phase 5b)
T04-07	Target exceeded but under ceiling	Pass	all code checks pass
T04-08	Preference conflict asks user	Not built yet	the AI agent (Phase 5b)
T05-01	Six budget fields present	Pass	all code checks pass
T05-02	Refund pending not counted as cash	Pass	all code checks pass
T05-03	Refund marked received	Pass	all code checks pass
T05-04	Fees and baggage counted	Pass	all code checks pass
T05-05	Paise maths has no rounding drift	Pass	all code checks pass
T05-06	Cost diff of a proposal	Pass	all code checks pass
T05-07	Negative amount rejected	Pass	all code checks pass
T05-08	Quoted price keeps source and time	Not built yet	Trains + Metro servers (Phase 2)
T05-09	Estimated vs paid kept separate	Pass	all code checks pass
T05-10	Duplicate booking write ignored	Pass	all code checks pass
T06-01	Cancelled train refund with unknown ticket type	Not built yet	Knowledge server / rule library (Phase 4)
T06-02	E-ticket vs counter ticket	Not built yet	Knowledge server / rule library (Phase 4)

T06-03	TDR deadline question	Not built yet	Knowledge server / rule library (Phase 4)
T06-04	Flight cancelled by airline	Not built yet	Knowledge server / rule library (Phase 4)
T06-05	Flight delay facilities	Not built yet	Knowledge server / rule library (Phase 4)
T06-06	Rule not in library	Not built yet	Knowledge server / rule library (Phase 4)
T06-07	Superseded rule not used	Not built yet	Knowledge server / rule library (Phase 4)
T06-08	Rule says vs fits your booking kept apart	Not built yet	Knowledge server / rule library (Phase 4)

T06-11	No legal advice claim	Not built yet	the AI agent (Phase 5b)
T06-12	Quote must support claim	Not built yet	Knowledge server / rule library (Phase 4)
T07-01	RailRadar timeout -> unavailable, not none	Not built yet	Trains + Metro servers (Phase 2)
T07-02	RailRadar quota used up	Not built yet	Trains + Metro servers (Phase 2)
T07-03	Source answered with zero trains	Not built yet	Trains + Metro servers (Phase 2)
T07-04	Invalid key	Not built yet	Trains + Metro servers (Phase 2)
T07-05	Stale live status	**Pass (part)**	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T07-06	Read retries max twice	Not built yet	Trains + Metro servers (Phase 2)
T07-07	Write never retried without key	**Pass (part)**	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T07-08	Malformed provider answer	Not built yet	Trains + Metro servers (Phase 2)
T07-09	Groq down	Not built yet	website agent loop (Phase 5b)

T07-10	Database write fails mid-save	Pass	all code checks pass
T08-01	Paid change needs approval	Pass	all code checks pass
T08-02	Auto fix only when box ticked	Pass	all code checks pass
T08-03	Auto fix blocked on booked leg	Pass	all code checks pass
T08-04	Auto fix blocked on locked leg	Pass	all code checks pass
T08-05	Auto fix blocked on estimated data	Pass	all code checks pass
T08-06	No booking tool exists	Pass	all code checks pass
T08-07	No payment tool exists	Pass	all code checks pass
T08-08	No cancel-real-booking tool	Pass	all code checks pass
T08-09	Write without secret pass rejected	Pass	all code checks pass
T08-10	Approval decision audited	Pass	all code checks pass
T09-01	Late train breaks metro leg after it	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T09-02	Unaffected earlier legs unchanged	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T09-03	Chain of three dependent legs	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T09-04	Locked leg that becomes impossible	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2) (asks_user: needs agent)
T09-05	Replan re-checks all later gaps	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T09-06	Proposal keeps deadline	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T09-07	Version history restorable	Pass	all code checks pass
T09-08	Parallel legs not linked are untouched	Pass (part)	trip server part passes; the rest needs Trains + Metro servers (Phase 2)

T10-01	Timetable never labelled Live	Not built yet	Trains + Metro servers (Phase 2)
T10-02	Live status carries fetch time	**Pass (part)**	trip server part passes; the rest needs Trains + Metro servers (Phase 2)
T10-03	Simulated never high confidence	Not built yet	Flights, Buses, more metro cities (Phase 3)
T10-04	Unsupported city says so	**Pass**	all code checks pass
T10-05	Metro never Live	Not built yet	Trains + Metro servers (Phase 2)
T10-06	No PII stored	**Pass**	all code checks pass
